

EDITOR'S CORRECTION: Dr. Elmar Gruber

On p.23 of the last Newsletter my review of Kersten and Gruber's *The Jesus Conspiracy* stated that 'neither I nor Susan Black have had any contact whatsoever' with Dr. Elmar Gruber. This should have read 'neither I nor Susan Black have knowingly had any contact'. As pointed out by Dr. Gruber, there was an exchange of two letters between him and me in 1990, to which I apparently replied 'I am delighted to learn that you are researching the Mandylyon-Shroud hypothesis.' Because of the volume of unsolicited Shroud mail I receive, and my then unawareness of Gruber's connection with Kersten, this exchange had simply been forgotten, and my apologies are extended to Dr. Gruber on this matter.

Acts of CIELT's Rome Symposium on the Shroud

The proceedings of CIELT's Second International Scientific Symposium on the Shroud, held in Rome 10-13 June 1993, should become available towards the end of this year. Comprising three hundred pages, and with illustrations in both black and white and colour, copies can be purchased at a preferential price if orders are placed' before September 30. For members within EU countries Eurocheques for 250 francs (220fr. + 30fr. postage and packing) should be made payable to CIELT, and should be sent, together with your name and address, to:

CIELT, 50 avenue des Ternes, 75017, Paris.

Would-be purchasers from outside the EU may need to send extra money for postage, and should check the cost with CIELT.

BSTS Membership Leaflets

For the benefit of members new and old included with this Newsletter is a recently updated membership leaflet setting out the Society's basic' principles and the facilities that are available to members. Any member who would like further copies of the membership leaflet to pass to friends is welcome to write to the General Secretary for these, stating the quantity required.
